

Questions to consider asking about the ongoing management of your condition

- Am I receiving all the benefits I am entitled to?
- Where can I get further information and advice about financial support
- How do I obtain further assistance to help with day to day living?
- Could I benefit from additional equipment and who do I talk to about this?
- Where can I get help with equipment locally?
- Where can I get help with transport?
- Where can I get help to return to work?
- Would my carer(s) benefit from additional support and help?
- What organisations are there available locally for carers?
- Is there is a national organisation covering my condition and how do I get in touch with them?
- Could I benefit from further rehabilitation?
- Are there any new treatments available which I might benefit from?
